„LANCIA – TECHNICALLY GROUNDBREAKING, SUCCESSFUL ON THE RACETRACK“

This special show brings together twelve iconic Lancia vehicles from the 100-plus years' history of the make: Lancia models from the 20s to the 60s which were technically ahead of their time, as well as car types that won numerous motor sports titles. It's a rare selection unlikely to be repeated.

CLASS 4: FREEDOM UNLEASHED

For many, it was their first introduction to motorised mobility: In the 60s and 70s, a 50-ccm moped and a Class-4 driving licence meant new freedom and endless kilometres of adventure on two wheels. We will present two dozen „unleashed mini power-packs“ ranging from well-known to exotic makes. The special show is likely to awaken some great memories.

HOW TO GET HERE

We understand that you may want to come in your own car, but we strongly recommend you use public transport. All parking spaces on site are usually full by 9:30 a.m. What's more, construction work on the exhibition site in 2024 will additionally obstruct traffic.

The central station is only 220 metres from the main entrance to the exhibition halls. Or you can use the P+R stations run by BSAG (www.bsag.de): Tram lines 1, 4, 5, 6, 8 and 10 go to the central station. You can find an overview of the BREPARK and other nearby parking garages on our website (www.classicmotorshow.de).
